Hon. E. W. Poe, Auditor of State, has our thanks for a copy of his annual report for the year ending Nov. 15, 1890.

And they knocked the stuffing out of Squires in Toledo. It was proper. Breckinridge should get it in Kentucky in the same way.

Old Milton township, the Democratic stronghold went Republican on Monday, the Republicans elected all of the township ticket except the Clerk.

Old Saxby couldn't get elected for township clerk of Weston, so he secured the nomination for his partner, who was elected by a handsome majority. Saxby is neither dead nor sleeping.

Toledo's base ball club opened the season in Cincinnati, and the Toledo papers have opened the season with the old stereotyped excuses for the failure of the Toledo club to win a game.

Of the four prizes offered at the recent exhibition of the National Academy of Designs in New York three were awarded to women. Woman is taking her place in fine arts with wonderful success.

Newspaper men were in demand at Bowling Green last Monday. Brewer, Evers and Baird were elected to offices in that city by handsome majorities. They are all very worthy and capable citizens and will render competent services to the city.

Russell Williams made a good run for Corporation Treasurer. He was beaten, but it took one of the very best men in the corporation to do it, and Russell's defeat was not an indication of any lack of confidence in him as a Republican or citizen.

The jury in the case against Russell Sage for \$25,000 damages for using one Wm Laidlow as a shield for himself at the time the bomb was exploded in his office, decided in favor of Laidlow and awarded him the \$25,000. The case was on appeal last week and will again be appealed.

The Perrysburg council will organize on Thursday night of next week. The new board will be composed of a Republican Mayor and Republican councilmen. Mr. Hollenbeck will resign as councilman, and as Mayor will have the power to appoint a councilman to fill the unexpired term.

The election returns from all parts of the State show heavy Republican gains, which is an indication that the people are rapidly drifting back into the party of protection; an indication of a return to reason and a silent but powerful censure for the party that has plunged the business of the country into its present deplorable condition.

A cut of about 5 per cent. in wages is announced for all trainmen on the Wabash railroad to take effect about May 1st. It affects conductors, engineers and firemen. The reduction is made necessary by the depression of business, and as it extends over the entire system, and the men have not had time to consider the matter it is impossible to say what the effect of the order will be.

The refusal of Speaker Crisp to accept the Senatorship offered him by the Governor of Georgia, was not altogether a case of self sacrifice. By accepting the one year term he would lose \$3,000, the difference between his salary as Speaker of the House and that of Senator. He would also run the risk of being elected for the next or long term as Senator and would be out of line as a candidate for reelection to the House. He has played a very good game, however, as he has probably, by this apparent sacrifice, made himself sufficiently solid with his constituency to secure the long term Senatorship a year hence.

#### Victory for Wood County.

The Beaver creek case, in which Wood county seeks to make Henry county help pay for an outlet for one of their canals, scores a victory for Wood. Henry county carried the matter to the circuit court of that county, to test the constitutionality of the law. The court recently in session at Paulding rendered a decision in favor of Wood county. Henry county gave notice of appeal to the supreme court.—Sentinel.

## PERRYSBURG ELECTIONS

Considerable Interest Manifested in the Corporation.

Some Surprises Discovered When the Votes were Counted.

On Monday last the people were permitted to express their wishes and choose municipal officers. In the corporation considerable interest was manifested in regard to the Mayor and Councilmen. Although the candidates on the Republican ticket did but little electioneering, the result showed that THE PEOPLE had carefully considered the matter and had made known their preference in no uncertain manner. The result shows that party preferences were almost entirely laid aside:

The School Board election, which for 48 hours prior to the opening of the polls, promised to be a rather exciting contest narrowed down to a common affair. Dr. Rheinfrank, who was nominated by the caucus as a running mate for J. H. Pierce, declined to be a candidate. George Munger, after very earnest solicitation of many friends consented to be a candidate, but after learning of the candidacy of Mr. Hayes, Mr. Munger declined to run against him and there was consequently but the one ticket in the field—James H. Pierce and James H. Hayes. The ballot show, that Pierce received 240 votes and Hayes received 259 votes and both gentlemen were elected as members of the Board of Education for School Dist. No. 1.

**SUNSTROCK IN BATTLE!**  
DR. MILES' MEDICAL CO., ELKHART, IND.—I must say the Restorative Serrine and Nerve and Liver Pills have done me great good.

**FOR YEARS I HAVE NOT FELT AS WELL AS NOW.**  
The starting point of my disease was a sunstroke received in battle before Port Hudson, Louisiana, June 10th, 1862. Up to the time of beginning to take Dr. Miles' Remedies I had had a constant (and distressing) pain in my head; also, weak spells, and the past four years I have had to give up everything of an active character, and stay in the house for months at a time; **CURED** could not walk across the street. I KNOW YOUR REMEDIES HAVE CURED ME, and that the cure will be permanent. Several of my friends are using your remedies, and all speak well of them. Yours truly, COL. C. W. DEAN.

#### GOOD ADVICE.

Every patriotic citizen should give his personal effort and influence to increase the circulation of his home paper which teaches the American policy of Protection. It is his duty to aid in this respect in every way possible. After the home paper is taken care of, why not subscribe for the AMERICAN ECONOMIST, published by the American Protective Tariff League? One of its correspondents says: "No true American can get along without it. I consider it the greatest and truest political teacher in the United States."
